Specification CR 7964.1

Water descaling filter extends the life of the humidifier.
Filter suitable for CR7964 / MS7965 / AD7966.
The filter can be washed from the outside under running water from time to time.
The time to change the filter depends on the local hardness of the water.
It is recommended to replace it every 1-2 years or when it permanently turns white.
Composition: calcified stone.
Keep out of reach of children
