

Specification CR 7970

Ultrasonic technology enables the rapid distribution of fragrance, which is carried by crushed water particles mixed with essential oil. Pleasant fragrance improves mood, slightly moistened air facilitates concentration and falling asleep, atmospheric light makes work and relaxation more pleasant.

3 functions:

- aromatherapy
- gentle humidification of dry air with a cool mist
- mood lamp

Water tank capacity: 100ml
Humidification capacity: 20-30ml/h
Working time on one filling of water: up to 4 hours
Oil dosage: 1-2 drops per tank
Choose the essential oil according to your preferences
Recommended usable area up to 25m2

Two humidification modes:

- continuous
- alternating: continuous operation with 30 second breaks

AUTO-OFF function automatic shutdown when there is no water in the tank

Two lighting modes:

- intensely bright
- moody weak

Night mode: the ability to turn off the lighting when the aroma diffuser is operating

Overheat protection

Ultrasound frequency: 2.4MHz

Power supply: input: 220-240V ~50/60Hz 0.40A; output: 24V 0.5A

Product size: 88x88x180mm

Power cord: 180cm, white, removable

Plug Type: C

Housing raw materials: ceramic lampshade & plastic base

* The aroma diffuser will not replace the air humidifier, it will reduce the humidity of the room by 1-2% RH/24h
