**Specification AD 7064**

Designed for the care of hard floors (stoneware, terracotta, panels, parquet) in a house with an area of up to 150m<sup>2</sup>

Up to 114 minutes of wireless operation using two batteries (second included)

2in1 Dry & Wet floor carry:

- for dry hard floor cleaning apply the LED DUST SCANNER™ electric brush with LED lighting and system for collecting fur and hair from the brush roller, equipped with rubberized wheels to protect the floor

- for wet floor cleaning use the WET CLEANER™ electric mopping brush with LED lighting and 150ml capacity water tank

Display Type: Touch LED

The display shows the battery charge level, current operating mode and warning icons

Efficient brush motor

Maximum air flow 14 liters per second

3 suction speed levels and AUTO mode

Automatic mode with a dust sensor adjusts the suction power to the degree of dirt on the surface

Suction power: 4 500 Pa for low power / 7 000 Pa for medium power / 13 000 Pa for highest power

Working time: 57 minutes for low power / 40 minutes for medium power / 15

minutes for top power / 17 minutes for mopping

Included additional battery allow to double working time to: 114 minutes for low power / 80 minutes for medium power / 30 minutes for top power / 34 minutes for mopping

Time to fully charge the battery: 4-5 hours

Filtration technology: cyclonic

3 stage filtration system:

- pre-filter type: stainless steel made

- inlet filter type: EPA12

- outlet filter type: sponge

The filter HEPA 12 retains 99,5% of impurities with a particle size above 0,5nm

Two filters can be washed, dried and reinstalled

Removable lithium-ion battery

Dust container 0.6 liter with one-button easy emptying system
